Profile

Innovative and detail-oriented Front-End Developer with expertise in building responsive and user-friendly web applications using React JS. Passionate about delivering seamless user experiences through clean and efficient code. Eager to contribute to dynamic teams and create impactful digital solutions.

Professional Training

Internship (Skill Development) at Tops Technology Suart

November - 2023 To December - 2024

Experience

Dhiwise Pvt. Ltd.

October - 2023 To March - 2024

I have six months of valuable experience at Dhiwise as a data annotator, where I play a crucial role in supporting our developers by meticulously annotating websites. Throughout my time here, I have engaged with numerous websites, enhancing my skills and contributing to the team's success.

Arihant International Courier Service

April - 2023 To September - 2023

I have four months of experience as a TPL (Third Party Logistics) Manager. In this role, I focus on communicating with foreign clients, managing their dispatches, and addressing their queries. Building strong relationships is a key part of my work, and I achieve this by clearly explaining the benefits and services we offer. My experience has helped me develop essential communication skills and an understanding of logistics management.

Education

PROF. V.B. SHAH INSTITUE OF MANAGEMENT (AMROLI)

Bachelor of Business Management
2021 - 2023

GURUKUL VIDHYAPITH N.V. DHAMANVALA GUJARATI MEDIUM SCHOOL
